ON THE COVER

Terry Webre, Be-Jewel proprietor, thrives among creative and unique surroundings that nurture her passion for art and design, her discerning eye for fashion and her love of fine wine.

"I created Be-Jewel in keeping with all the things I love... unique designs, individualistic fashion, beautiful art and fine wine in an atmosphere that is like an art gallery of clothing and jewelry," said Terry Webre.

Webre's reverence for the unique and creative has compelled her to bring together all her favorite elements in a top-notch boutique featuring limited-edition and one-of-a-kind pieces from local and national designers. To share the spotlight, Webre hosts wine-tastings every Thursday with her sommelier husband, Rafael Espinal, and features the exquisite collage work as well as paintings of local artist Nedra Hawks—who recently came out of a 10-year sabbatical to serve as Be-Jewel's premier featured artist.
