Be Dazzled by Be-Jewel

Vibrant and inviting, Be-Jewel is a place eyes cannot rest. Not that they'd want to. Gobs of vintage jewelry, gypsy-like beaded skirts — Be-Jewel is an accessory addict's paradise. Hard to tell what you'll walk out with. We left with pocketfuls of chunky costume jewelry and a sinfully silky Vanessa Riley blouse.

What's Hot:

You know those great Chan Lu pieces you catch on Nicole Richey and Gabrielle Union? Keep your eyes peeled— we spotted them here!

Be-Charmed by their jewelry:

Jewelry designers: Monies, Gerard Yosea, and Citrine by the Stones
 Local designers: Gretchen Reeves, Zully, and Marie Meyers
 Exclusive designers (only at Be-Jewel): Chan Lu, Single and Elm

We Love:

The great service. Not too pushy, but helpful enough for us to feel welcomed and waited on.
